THE UNCAUSED BEING AND THE CRITERION OF TRUTH;; TO WHICH IS APPENDED AN EXAMINATION OF THE VIEWS OF SIR OLIVER LODGE CONCERNING THE ETHER OF SPACE (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It is refreshing in this age of indifference and often of avowed hostility to metaphysics to find a writer who, as the author of this volume, is nothing if not metaphysical, and whose metaphysic is invariably clear, sound and impressive. Dr. Derr's aim is twofold; first, to prove the necessity of an Uncaused Being and, second, to establish a criterion of truth. His argument for an Uncaused Being is, that if anything exists, an Uncaused Being exists; that the world exists; and that the world itself can not be the Uncaused Being: for inasmuch as the atoms or ultimate elements of the universe are in motion, it cannot be a continuum, it cannot be as large, consequently, as if it were a continuum, and hence it cannot be infinite and so uncaused; and, on the other hand, no more may we say that the world is the uncaused being, if we regard it pantheistically, for that would mean that we, though only parts of the great whole or God, were comprehending and so judging him, and this would violate the a priori and so necessary axiom that the whole is greater than the parts. That is, unless the universe is a caused thing like man himself, it cannot offer, as it does, a legitimate field of conquest for the human mind. In a word, we can not entertain the idea of cosmic evolution without violating an axiomatic truth. To be reasonable, therefore, we must hold to a First and Infinite and so Uncaused Cause; and while we can know him only in so far as he reveals himself to us, we must conceive of him as at...
