## MODALITY, ESSENCE AND POSSIBLE WORLDS

[DOWNLOAD](#)

D.K. Printworld (P) Ltd., New Delhi, India, 2015. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. This volume includes ten essays written by Prof. Indrani Sanyal in different phases of her long academic career. Essays collected in this volume document the authors attempt to negotiate with some of the unmitigated issues frequently raised, debated and discussed in the domain of Anglo-American Analytic Philosophy. Viewpoints of some of the major philosophers like W.V.O. Quine, Ruth Barcan Marcus, Pranab Kumar Sen, David Wiggins and Ludwig Wittgenstein along with many others have come up for discussion and elaboration. The first six essays of this volume deal directly with the issues relating to modal logic, quantification, essence and possible worlds. In the next three essays, the author has discussed the viewpoints of the earlier Wittgenstein and later Wittgenstein on logical space, limits of language and the nature of understanding. The last essay of this volume concentrates on the idea of structural universals and debates centring its feasibility. The book has been written in a clear and lucid language without forgoing the required technicalities of the subject matter. Anybody interested in Philosophy in general and Philosophical Logic and metaphysics in particular will find the volume to be interesting. Scholars and researchers will be definitely benefitted by this volume. Printed Pages: 292. Size: 15 x 23 Cm.
