

Something More Than Hope/Something More Than Everything: Surviving Despite the Odds, Thriving Because of Them (Paperback)

Filesize: 1.58 MB

Reviews

Complete information for ebook fans. It is actually full of knowledge and wisdom I am pleased to inform you that this is basically the very best pdf we have read through inside my very own daily life and can be the very best ebook for ever.

(Gideon Morissette)

SOMETHING MORE THAN HOPE/SOMETHING MORE THAN EVERYTHING: SURVIVING DESPITE THE ODDS, THRIVING BECAUSE OF THEM (PAPERBACK)

Inroads Press, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English Brand New Book ***** Print on Demand *****.Written in the spirit of Norman Cousins *Anatomy of an Illness* and Jill Bolte Taylor's *My Stroke of Insight*, this book will forever change your thinking about the depth of our capacity to heal and heal one another. When Diana Lindsay couldn't blow out the candles on her birthday cake, she never imagined that it was because of stage IV lung cancer. Given a prognosis of just three to six months to live, she also never imagined that eight years later she and her husband would be sharing their highly improbable and unexpectedly joyful story of how they returned her to complete health. In 2006, the odds of Diana living long enough to see her newborn granddaughter enter kindergarten were one in a hundred. How do I make it into the 1 Club? she asks herself and steps into an assumption-challenging alternate future with her husband Kelly. Recognizing she will have to be willing to try what 99 wouldn't, Diana relentlessly pursues the latest medical technologies and opens her mind to a range of integrative therapies, including medical Qigong and Reiki. But it is her creativity with the ancient protocols of love, joy, and wonder---and how she and Kelly turn them into a Love-In, a Gratitude Tour, and a 48-state road trip in a Prius with a queen-size mattress in the back---that will surprise and delight you. This is not cancer-as-you-know-it. Despite the copious research Diana clearly presents, she recognizes that the longer the odds of survival, the shorter the medical evidence on which to base decisions. So she learns to Skype her own cells, and with astonishing clarity and prescience they guide her through...
