Voluntary Living Press, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Canadian philosopher, Will Crichton, presents a revolutionary philosophical system in this book. It offers a fully naturalistic account of experience. It presents an explanation of consciousness and opens the door to naturalistic theology. The book contains a unique analysis of experience that embraces modern physics, psychology, religion, and culture within the same view of reality. Crichton s work furnishes a foundation for a psychology that includes the reality of consciousness on the same foundation as the reality of the body and brain. Natural existence includes both conscious experiences and atoms. The source of consciousness exists in a purely naturalistic, though not entirely material, universe. His system is pregnant with psychological theories. - From the Afterword by Carl Semmelroth PhD I approached Crichton s book with total skepticism. A new system of philosophy in 214 pages? Now I m not sure I will ever stop re-reading it. He starts with an analysis of structure, change and tendency (causation). This analysis takes him on a journey that makes spectacular visits to most of the major problems in the history of philosophy. And his vehicle is logic. Problems involving discontinuous change, Hume s view of causation, time, multiple universes lead him surprisingly to revolutionary views concerning cultures and ethics and God. The book s organization makes it as easy as is probably possible to follow Crichton s system. He puts his proofs in an appendix and devotes the major portion of the book to a summary of his views. But watch out. This work has practically no redundancy. Each sentence requires serious consideration and sometimes a lot of thought. And they just keep coming at you. This once...
