Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Mediaeval and Modern History, Vol. 1: The Middle Ages This book is a revision of the first half of my Medieval and Modern History the earliest impression of which was published sixteen years ago. It will be followed shortly by a companion volume entitled The Modern Age, which will contain the revised and extended text of the second half of the original work. In the present volume the general perspective of the earlier work has not been essentially modified; but the emphasis has in places been slightly shifted, and the narrative carefully revised, so that it should embody the latest positive results of those scholarly researches which during recent years have been so active and so fruitful in the field of mediaeval history. The principles governing the selection and presentation of historical facts have been the principles adopted in the writing of the Medieval and Modern History, Purely political, dynastic, and military matters have been kept in subordination to religious, moral, intellectual, and social interests. Unity has been impressed upon the narrative by keeping prominent the great ideals of the mediaeval time, especially the ideals of the Papacy and the Empire, and by laying upon the Renaissance, which is viewed as essentially an intellectual movement and as the unconscious goal of mediaeval endeavor and life, an emphasis corresponding to that laid upon the Reformation and the Political Revolution in modern history. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections...
