

Sales and Distribution with SAP

By Gerhard Oberniedermaier

Vieweg Verlag, 2002. Hardcover. Book Condition: Neu. Neu Neuware. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - The book shows how to design the most important business processes in the sales area of each company by using the SAP module SD. It contains valuable tips and examples that show sales reps and managers and distribution center employees how to get up and running quickly with SAP while saving time and money. The SAP R/3 Client/Server system has a direct interface with the Internet. This book provides a concise introduction setting out the case for integrating business functionality on the web. Furthermore the book helps to understand SAP APO in the context of SCM. It is addressed specifically to those who need to implement APO in the context of the sales processes. One chapter contains a detailed practical guide to the use of CATT, SAP's computer aided test tool. It tells how to automate tests and optimize R/3 business processes in the Sales area and how to use CATT tools in tasks such as testing SD-transactions, testing database field values, configuring system tables, and generating test and training data. One chapter is dedicated to ASAP. The...

Reviews

This pdf can be worthy of a read, and much better than other. I am quite late in start reading this one, but better then never. Its been printed in an remarkably easy way which is merely following i finished reading this book by which basically changed me, alter the way i think.

-- **Nedra Kiehn**

It is fantastic and great. It usually will not charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
