## THE ROLE OF DREAM PROTEIN IN PAIN MECHANISM

LAP Lambert Acad. Publ. Okt 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x12 mm. This item is printed on demand - Print on Demand Neuware - The recent development in pain research is the discovery of the Downstream Regulatory Element Antagonistic Modulator (DREAM)protein. The DREAM protein has been implicated in suppressing the genetic machinery that reads the DNA code for prodynorphin and thus, reducing dynorphin production which it important for pain mechanism. The reduced pain behaviour in DREAM-knockout mice raised the...

### Reviews

*A new electronic book with an all new standpoint. It usually fails to charge too much. Its been printed in an exceedingly basic way in fact it is simply following i finished reading this book through which basically altered me, affect the way in my opinion.*

-- **Dr. Amie Bogisich**

*Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Augustine Pfannerstill**

*This published publication is wonderful. Of course, it is actually engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Vickie Wolff**
